

Midrise Scissor Lift

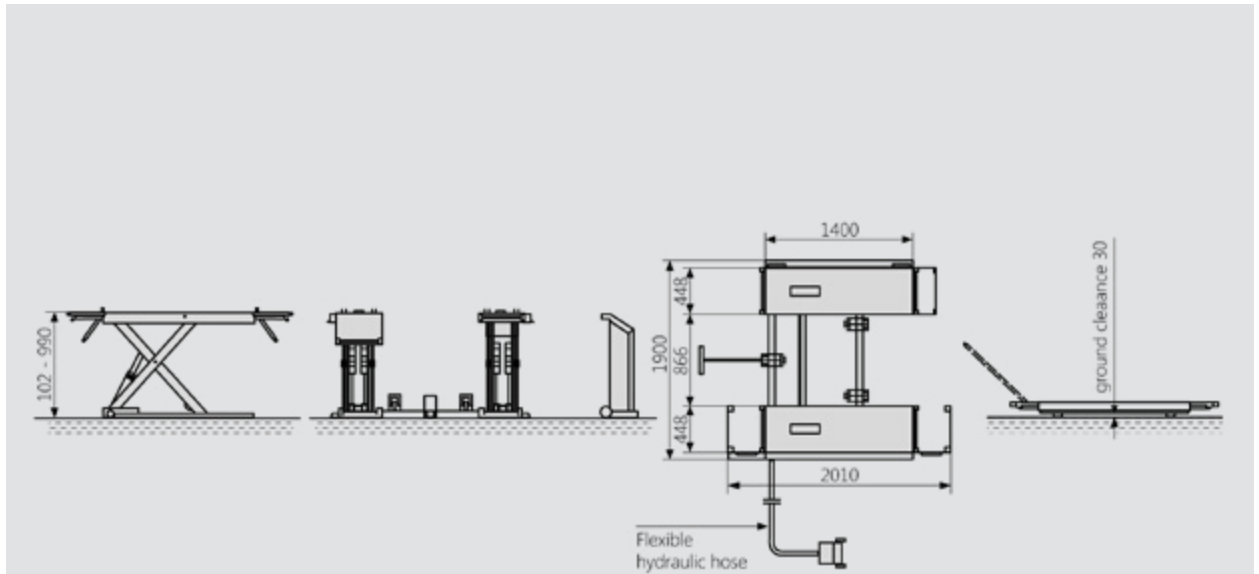

The Professional Mobile Solution

This mobile midrise scissor lift is an efficient, reliable and versatile solution for lifting most vehicles, including SUV's up to 3 tonnes.

- Lifts up to one metre in height
- Covers 90% of all activities in the workshop, including tyre service, painting and body work
- Portable and compact design to fit in any workshop
- Suitable for indoor and outdoor use
- Twin hydraulic cylinders avoids sagging
- High performance oil-submerged power unit
- Attractive galvanised platform ensures maximum protection against corrosion
- Extended platforms for long-wheel base vehicles
- Quick and easy installation without permanent mounting on almost every flat and solid surface
- Supplied with four ductile polymer pads to protect the vehicle's underbody

Technical Specifications

Part Number: A2C93641700

Specification	Midrise Scissor Service Lift
Capacity	3000kg
Lifting height	990mm
Lowest lifting point	102mm
Drive over height	102mm
Overall height	990mm
Overall width	1900mm
Runway width	448mm
Runway length	1400 - 2010mm
Power supply	Single Phase
Motor	1,5kW
Motor speed	3000 rpm
Hose length	3m
Hydraulic pressure	230bar
Pressure relief valve	260bar
Oil tank	8 Litres
Sound level	≤70dB
Connection by customer	Fuse 16amp (motor rated trip)

Please note:

- Hydraulic oil and electrical connection are not included
- Diagrams are for illustrative purposes only. All measurements are in millimetres (mm)
