

Midrise Scissor Lift

This mobile midrise scissor lift is an efficient, reliable and versatile solution for lifting most vehicles, including SUV's up to 3 tonnes.

- Lifts up to one metre, suitable for tyre, brake, suspension and body work
- Portable and designed to fit in any workshop
- Twin independent hydraulic cylinders replaces conventional security latches and protects the lift from bagging
- High performance oil-submerged power unit guarantees short lifting and lowering times
- Suitable for outdoor use thanks to its quality solid steel construction and anti-skid platforms
- Galvanised platforms provide maximum protection against corrosion
- Extended platforms for long-wheel base vehicles
- Ability to drive on and off from the front and rear
- Assembled at the factory for quick installation - no screws required for portable use
- No compressed air required
- Supplied with four ductile polymer pads to protect the vehicle's underbody
- Manufactured in Germany
- Includes 3 year warranty (UK mainland only)

Technical Specifications

Part Number: A2C93641700	
Specification	Midrise Scissor Service Lift
Capacity	3000kg
Lifting height	990mm
Lowest lifting point	102mm
Drive over height	102mm
Overall height	990mm
Overall width	1900mm
Runway width	448mm
Runway length	1400 - 2010mm
Power supply	Single Phase
Motor	1,5kW
Motor speed	3000 rpm
Hose length	3m
Hydraulic pressure	230bar
Pressure relief valve	260bar
Oil tank	15 Litres
Sound level	≤70dB
Connection by customer	Fuse 16amp (motor rated trip)

Please note:

- Hydraulic oil not included
- Diagrams are for illustrative purposes only. All measurements are in millimetres (mm)
