

# HLA2400-MOT Headlamp Aligner

**The HLA2400 is approved for the UK MoT testing of cars and motorcycles**

**Correctly aligned headlamps can make a direct contribution to safety on the road.**

The Crypton HLA2400 headlamp aligner gives a fast and accurate checking service which will ensure that headlamps comply with all the current regulations.

**The HLA2400 is:**

- Easy to handle
- Well balanced
- Weatherproof
