VDO

11th October 2012

To whom it may concern:

We confirm that the CRYPTON axle play detectors CPD600 are suitable to be used fitted to the CRYPTON scissor lifts CSL640/641 and CSL670/671

The maintenance/inspection period for the CPD600 is 12 calendar months.

We also confirm that the above mentioned lifts have been manufactured in accordance with the VOSA MOT lift specification requirements.

For and on behalf of CRYPTON Ltd.

Peter Houlden

Director
